Agenda

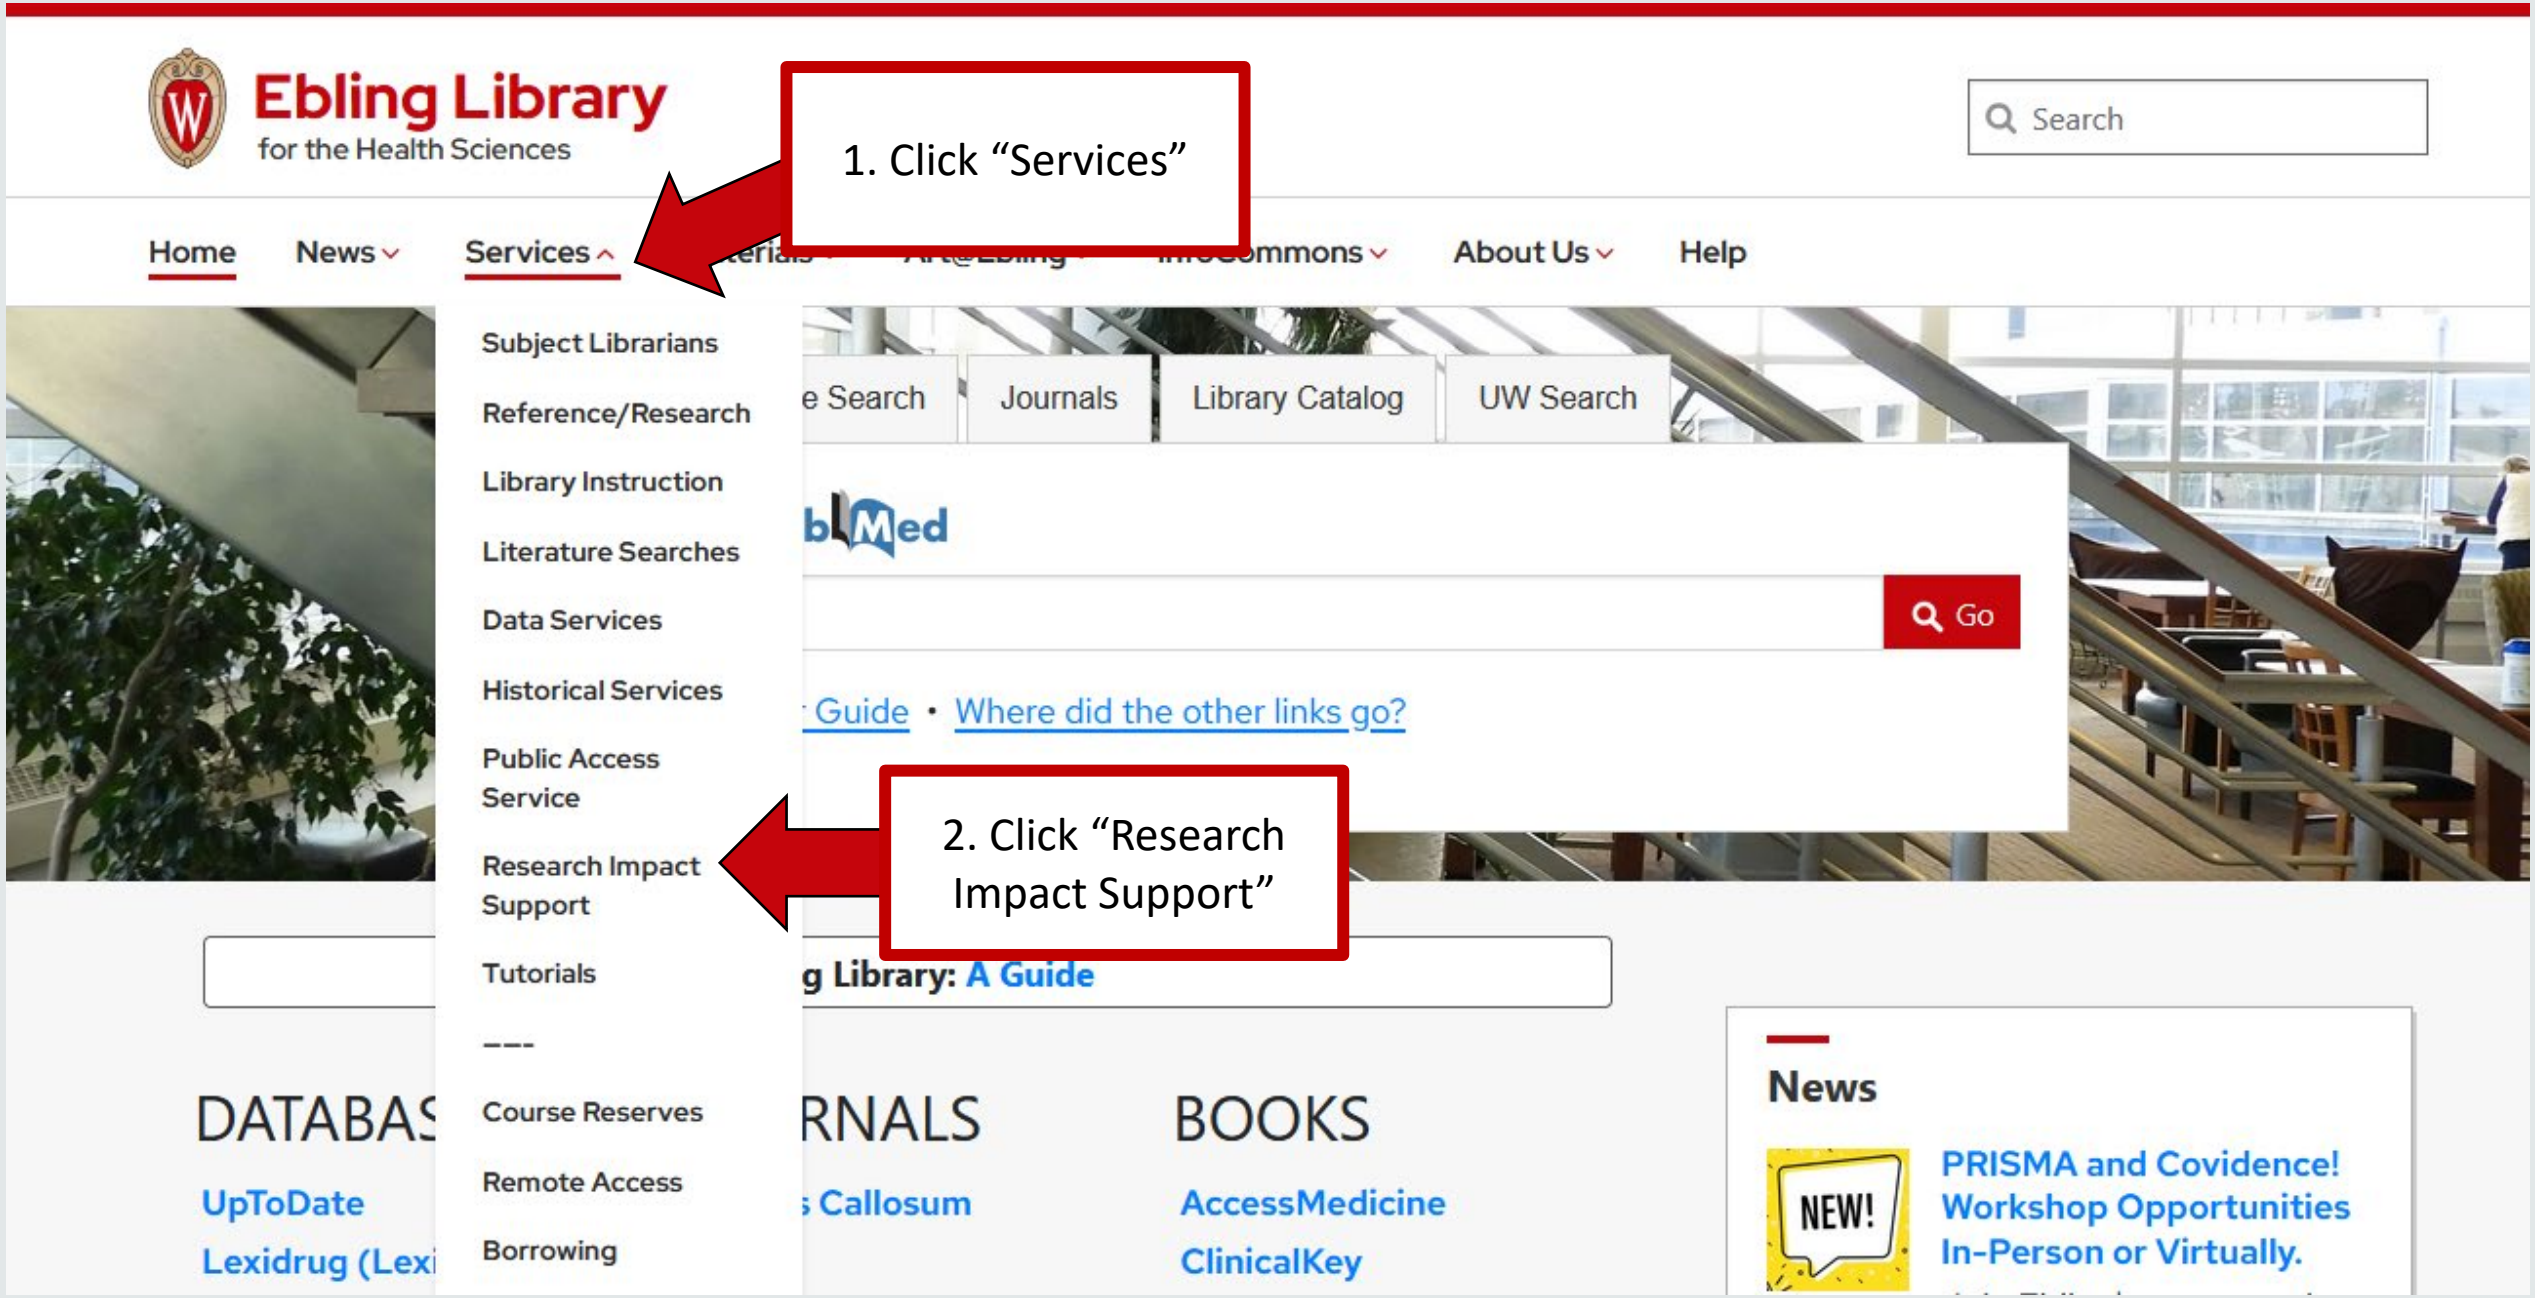

Today, we will:

1. Show you where to access the Researcher Profiles guide
2. Give a quick demo of ORCiD
3. Give a quick demo of SciENcv

Researcher Profiles

Click “Researcher Profiles”

Once you become a published researcher yo scholarly identity by creating a researcher profile. Among other things, creating a researcher profile will make your achievements more discoverable and distinguishable from those of other researchers. The Ebling Library has put together this guide to help you to create and maintain researcher profiles in ORCID, Scopus, and Google Scholar.

Ebling’s Services: The Ebling Library provides education and consultation services for creating and managing your researcher profile(s). Visit the **Researcher Profiles** research guide, or reach out to Paije Wilson (paije.wilson@wisc.edu) or Trisha Adamus (adamus@wisc.edu) for additional information.

Researcher Profiles : Home

- **Home**
- ORCID
- Scopus Author Profiles
- Google Scholar Profiles
- Research at UW-Madison
- SciENcv

Overview

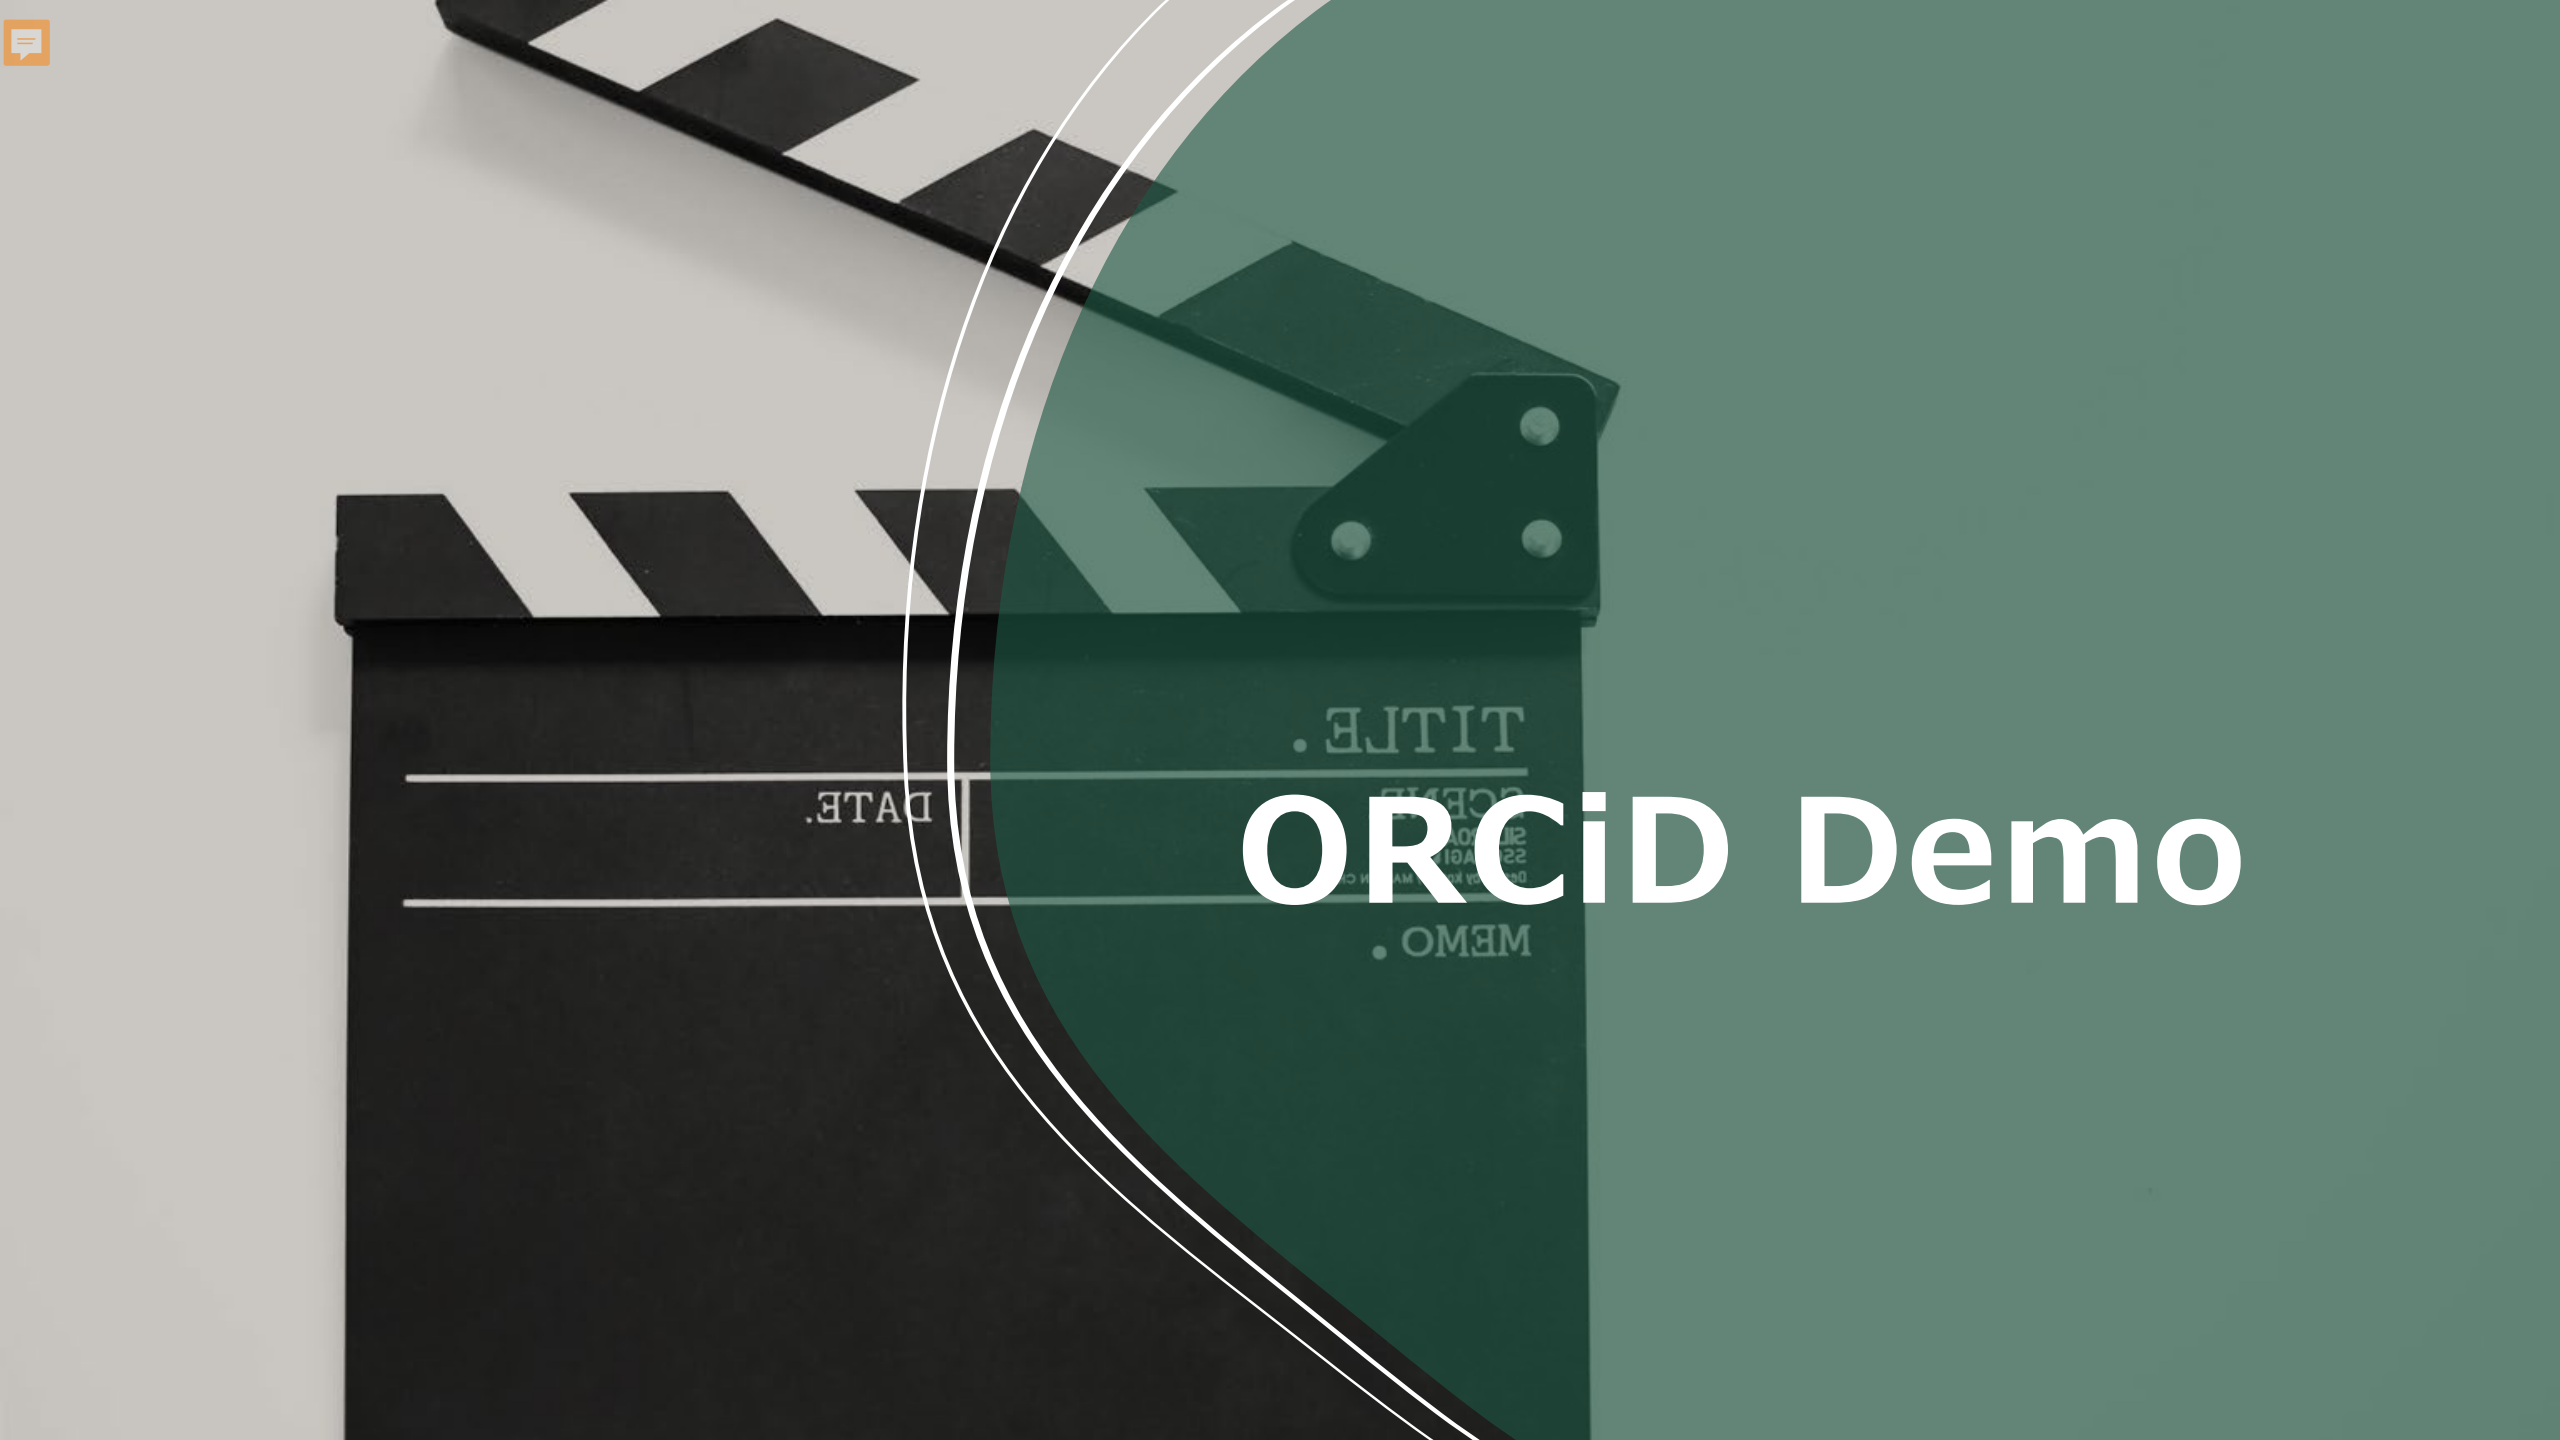

Once you become a published researcher, you will want to manage your online scholarly identity by creating a researcher profile. Among other things, researcher profiles can help you to:

- Increase the discoverability of your publications
- Intentionally manage your citation metrics and h-index
- Network with other researchers
- Meet funder requirements
- Communicate your successes as a researcher
- Prevent **name ambiguity** (see the box below for additional information)

Contact Us!

The Ebling Library provides education and consultation services for creating and managing researcher profiles.

For additional information, contact **Paije Wilson** (paije.wilson@wisc.edu) or **Trisha Adamus** (adamus@wisc.edu)

ORCiD Demo

What is ORCiD?

- **O**pen **R**esearcher and **C**ontributor **ID**s (ORCID)
- Unique, persistent digital identifiers that help distinguish researchers from one another
- Reliably links researchers to their scholarly contributions, despite name changes, people with identical names, affiliation changes, etc.

Note: In May 2025 NIH will require all Senior/Key Personnel to enter their ORCID ID into SciENcv in the Persistent Identifier (PID) section of the Common Forms, and link their ORCID ID to their eRA Commons Personal Profile. For additionall information, see: https://grants.nih.gov/grants/guide/notice-files/NOT-OD-24-163.html

Questions?

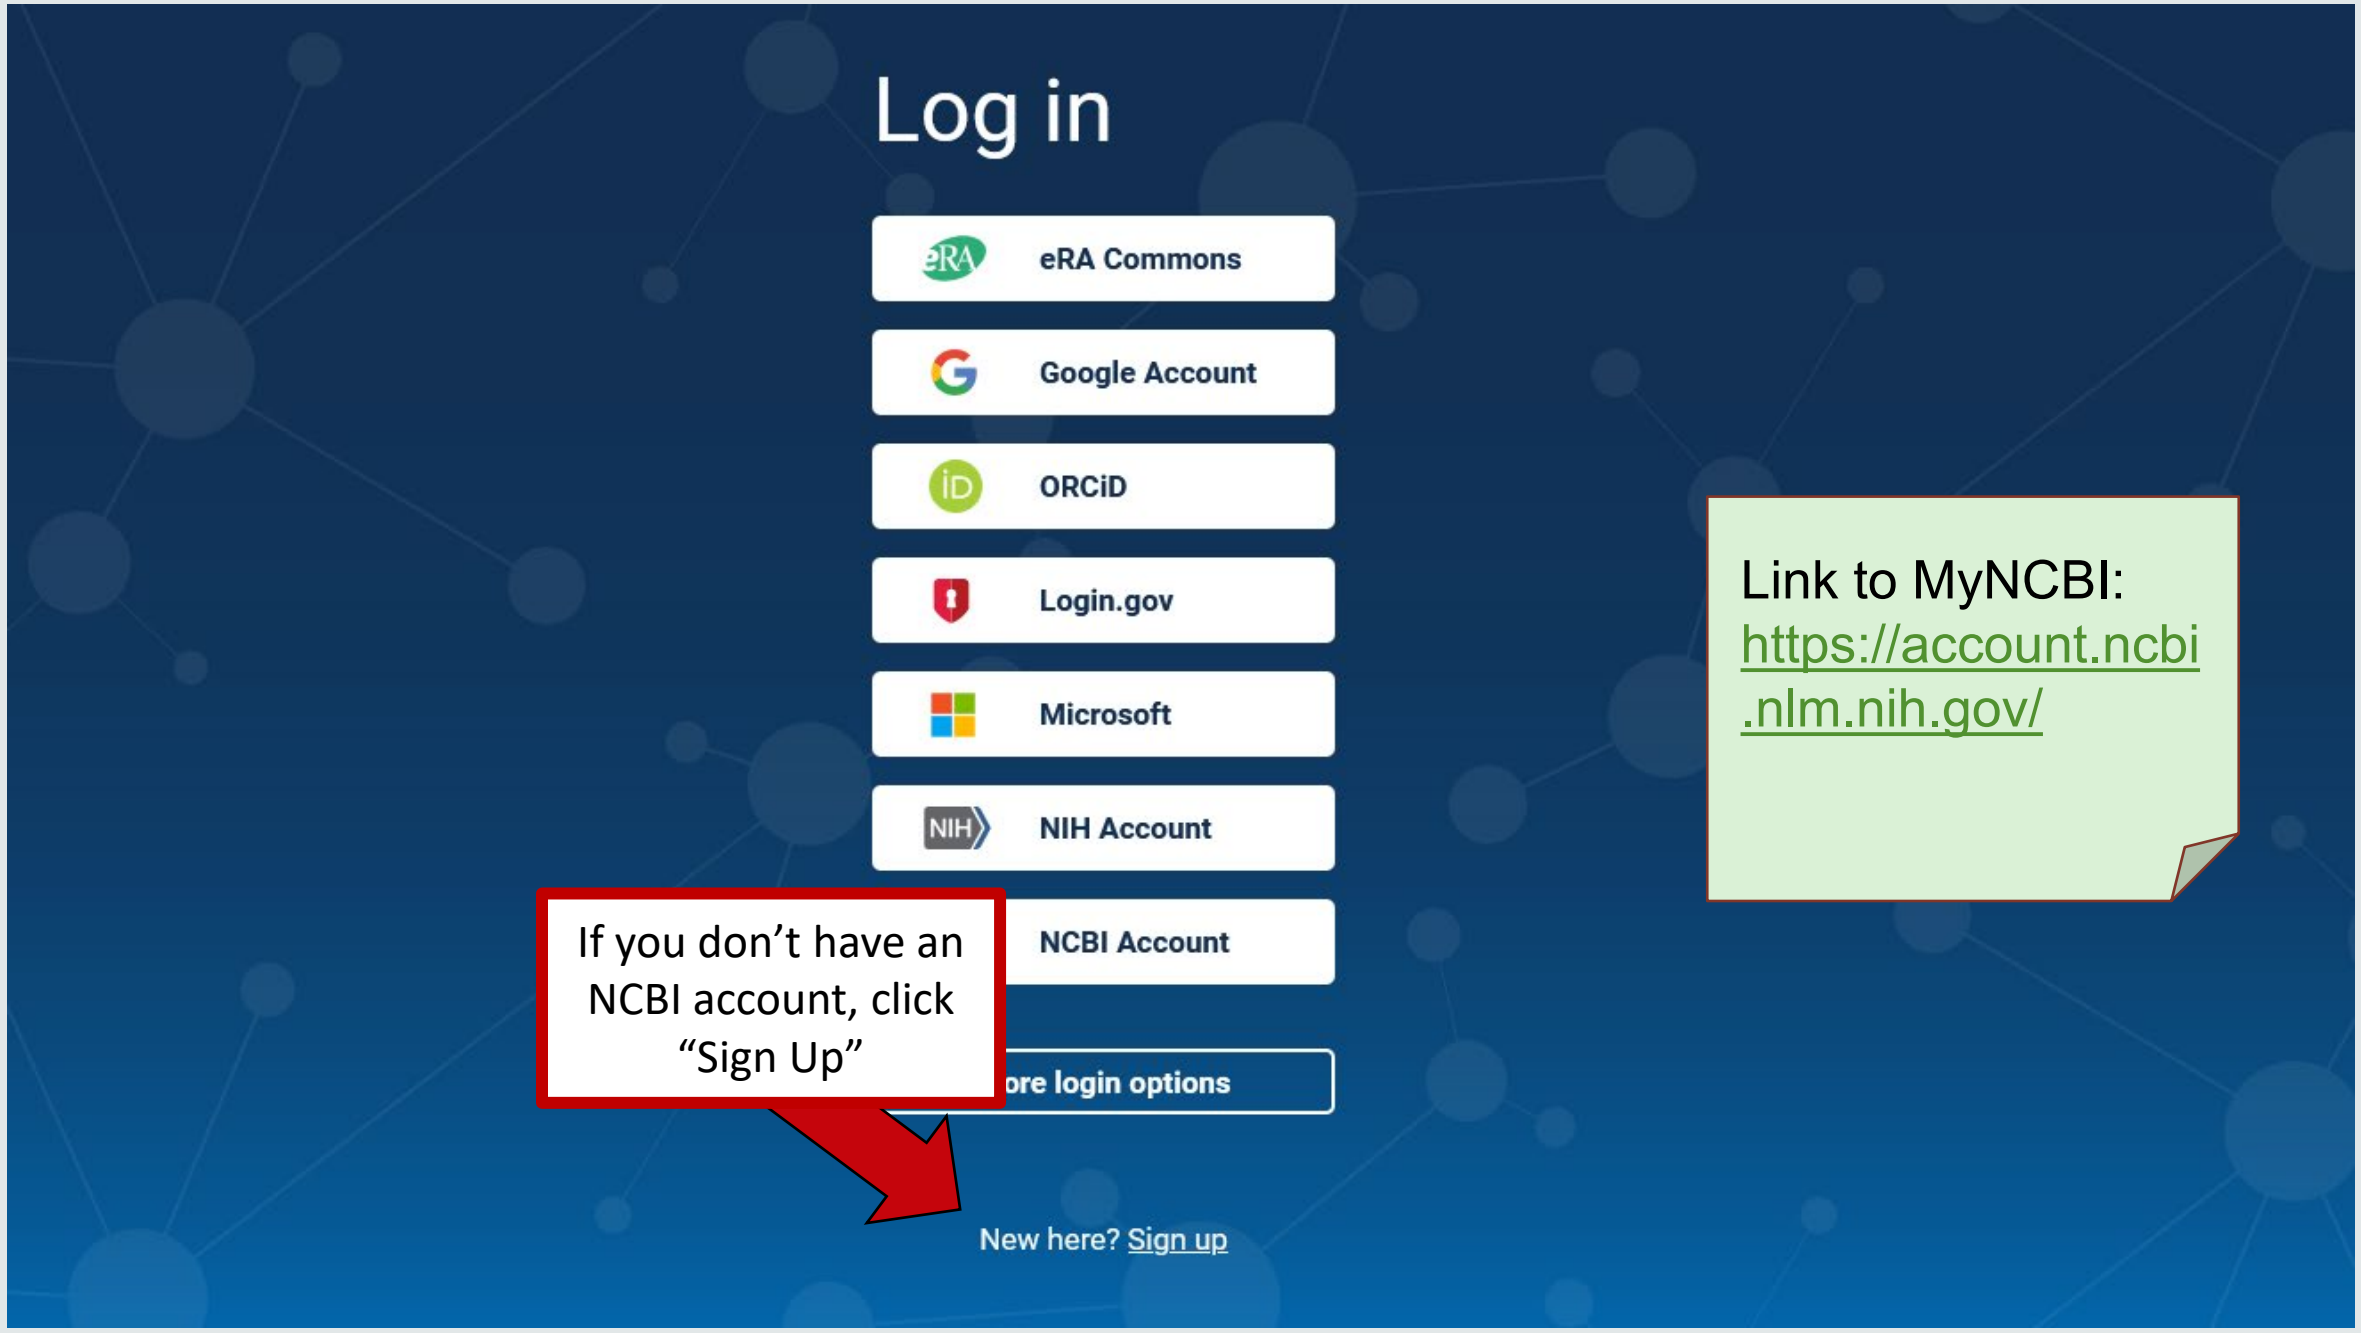

SciENcv Demo

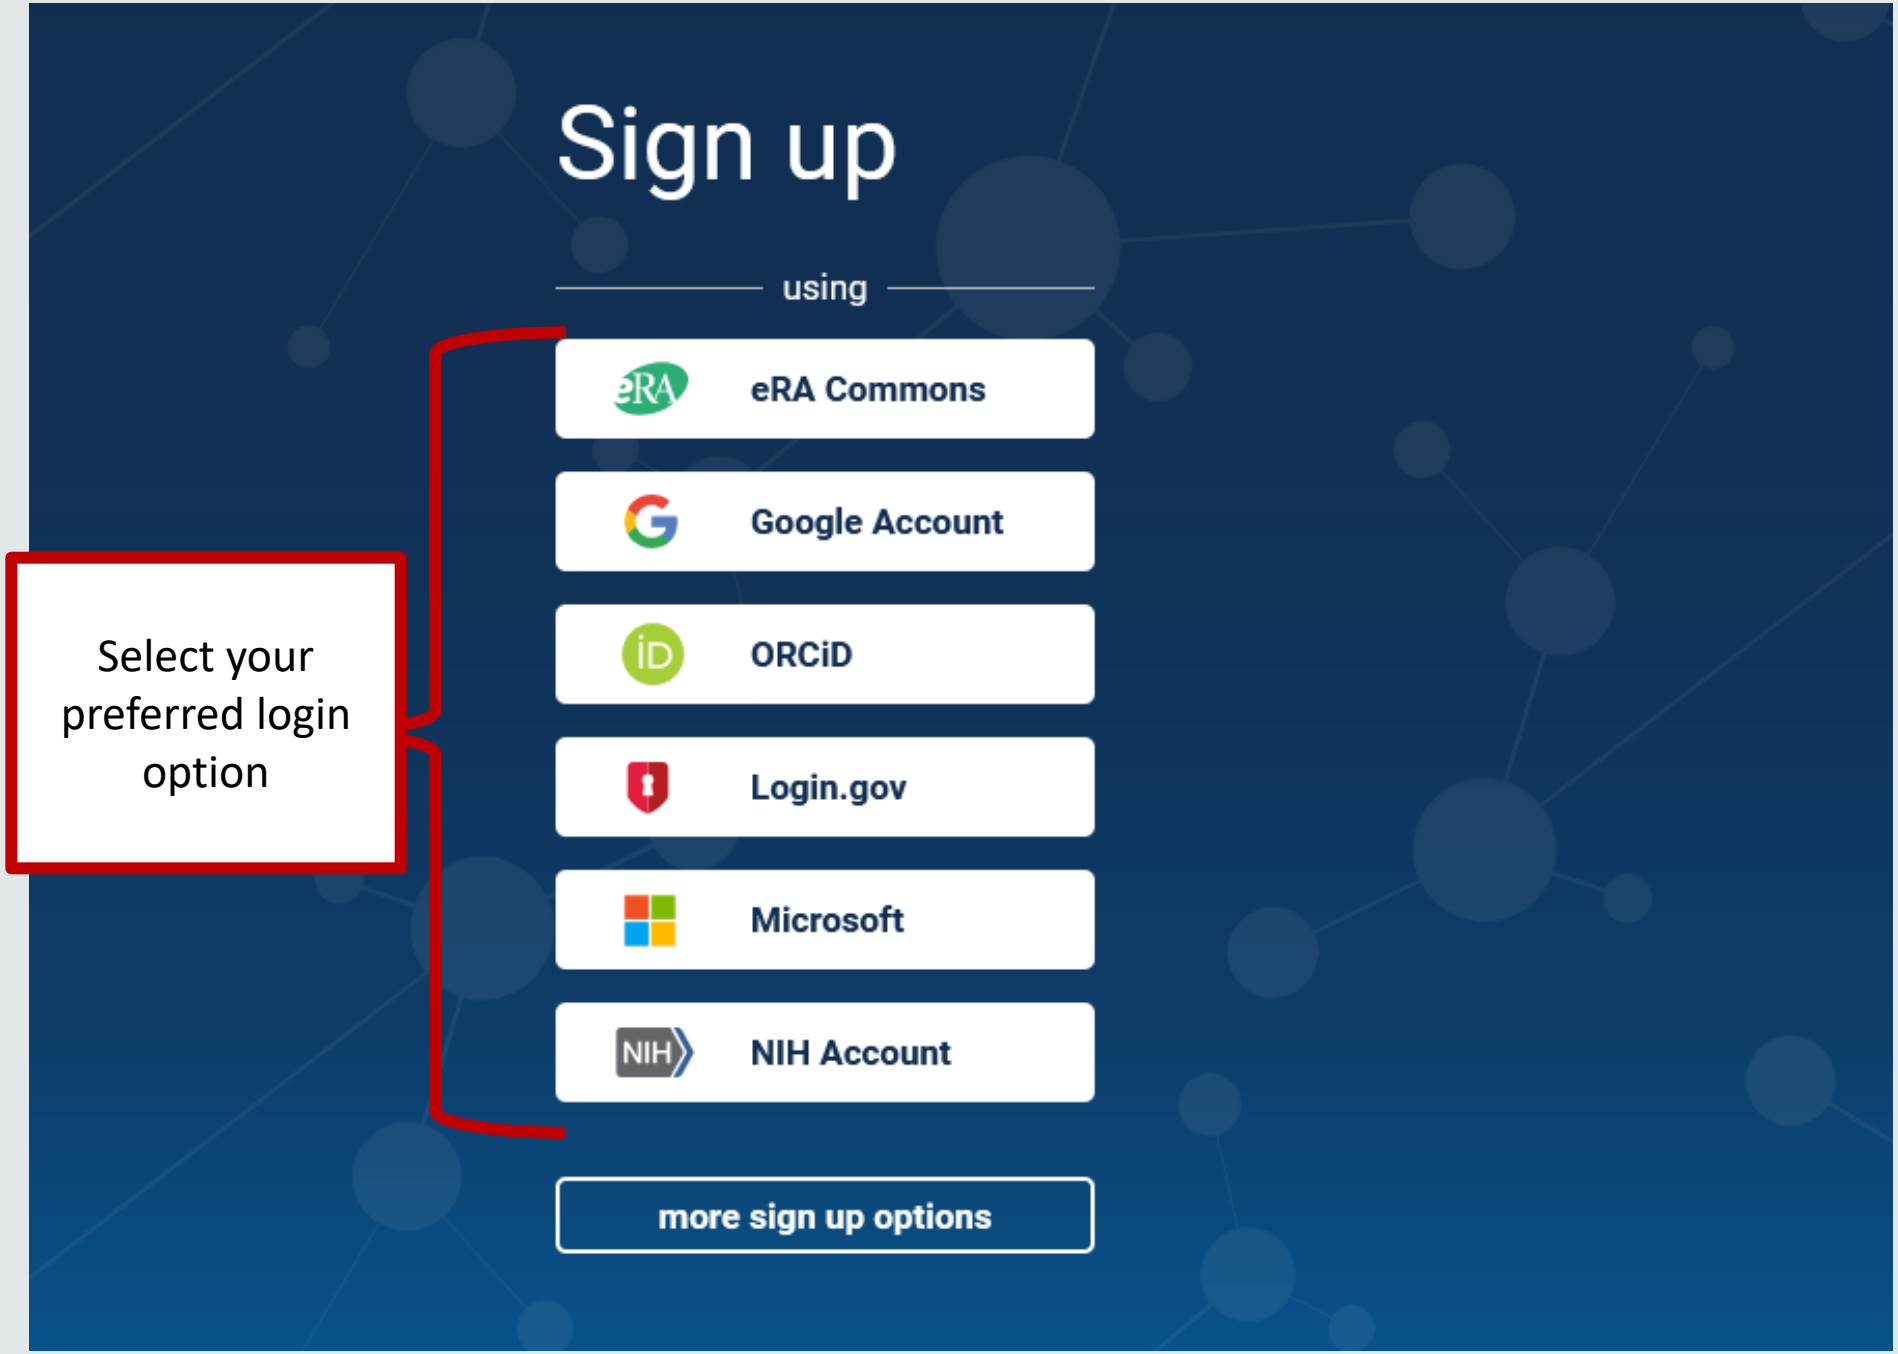

What is SciENcv?

- Tool provided by NIH's NCBI
- Creates biosketches and Current and Pending Support for federally funded research
- Benefits of SciENcv:
  - Documents created in SciENcv can be modified and reused
  - Formatting options for NIH grants, NIH fellowships, NSF, and IES
  - Can import data from eRA Commons, ORCID, and the NSF
  - **Essentially, SciENcv makes creating biosketches a bit easier!**

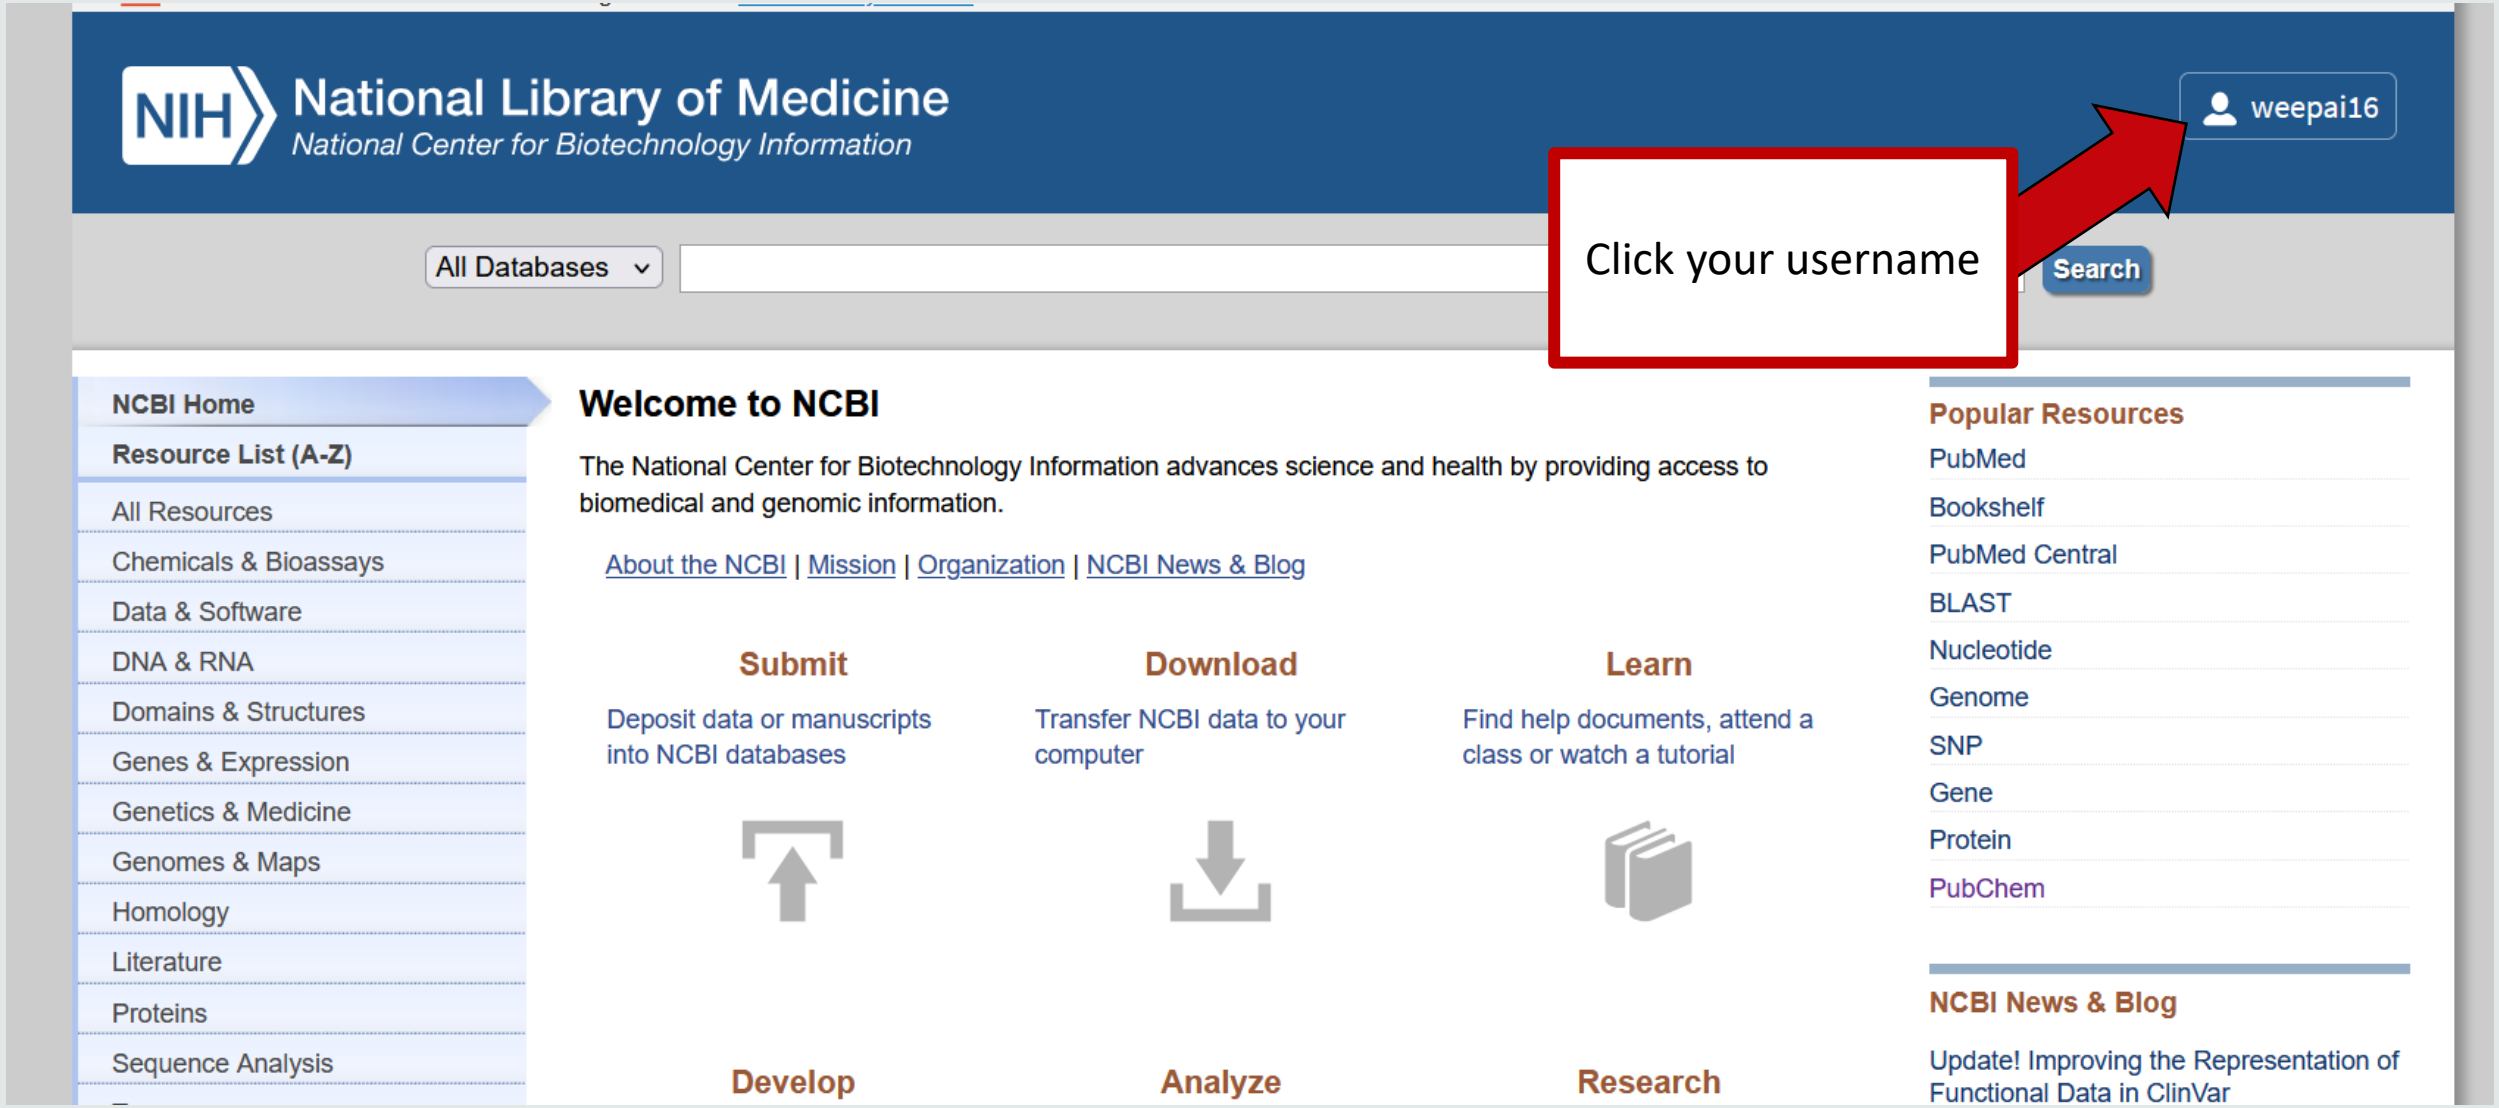

Note: In May 2025 NIH will require all Senior/Key Personnel to use SciENcv to complete Common Forms. For additionall information, see: https://grants.nih.gov/grants/guide/notice-files/NOT-OD-24-163.html

Delegates

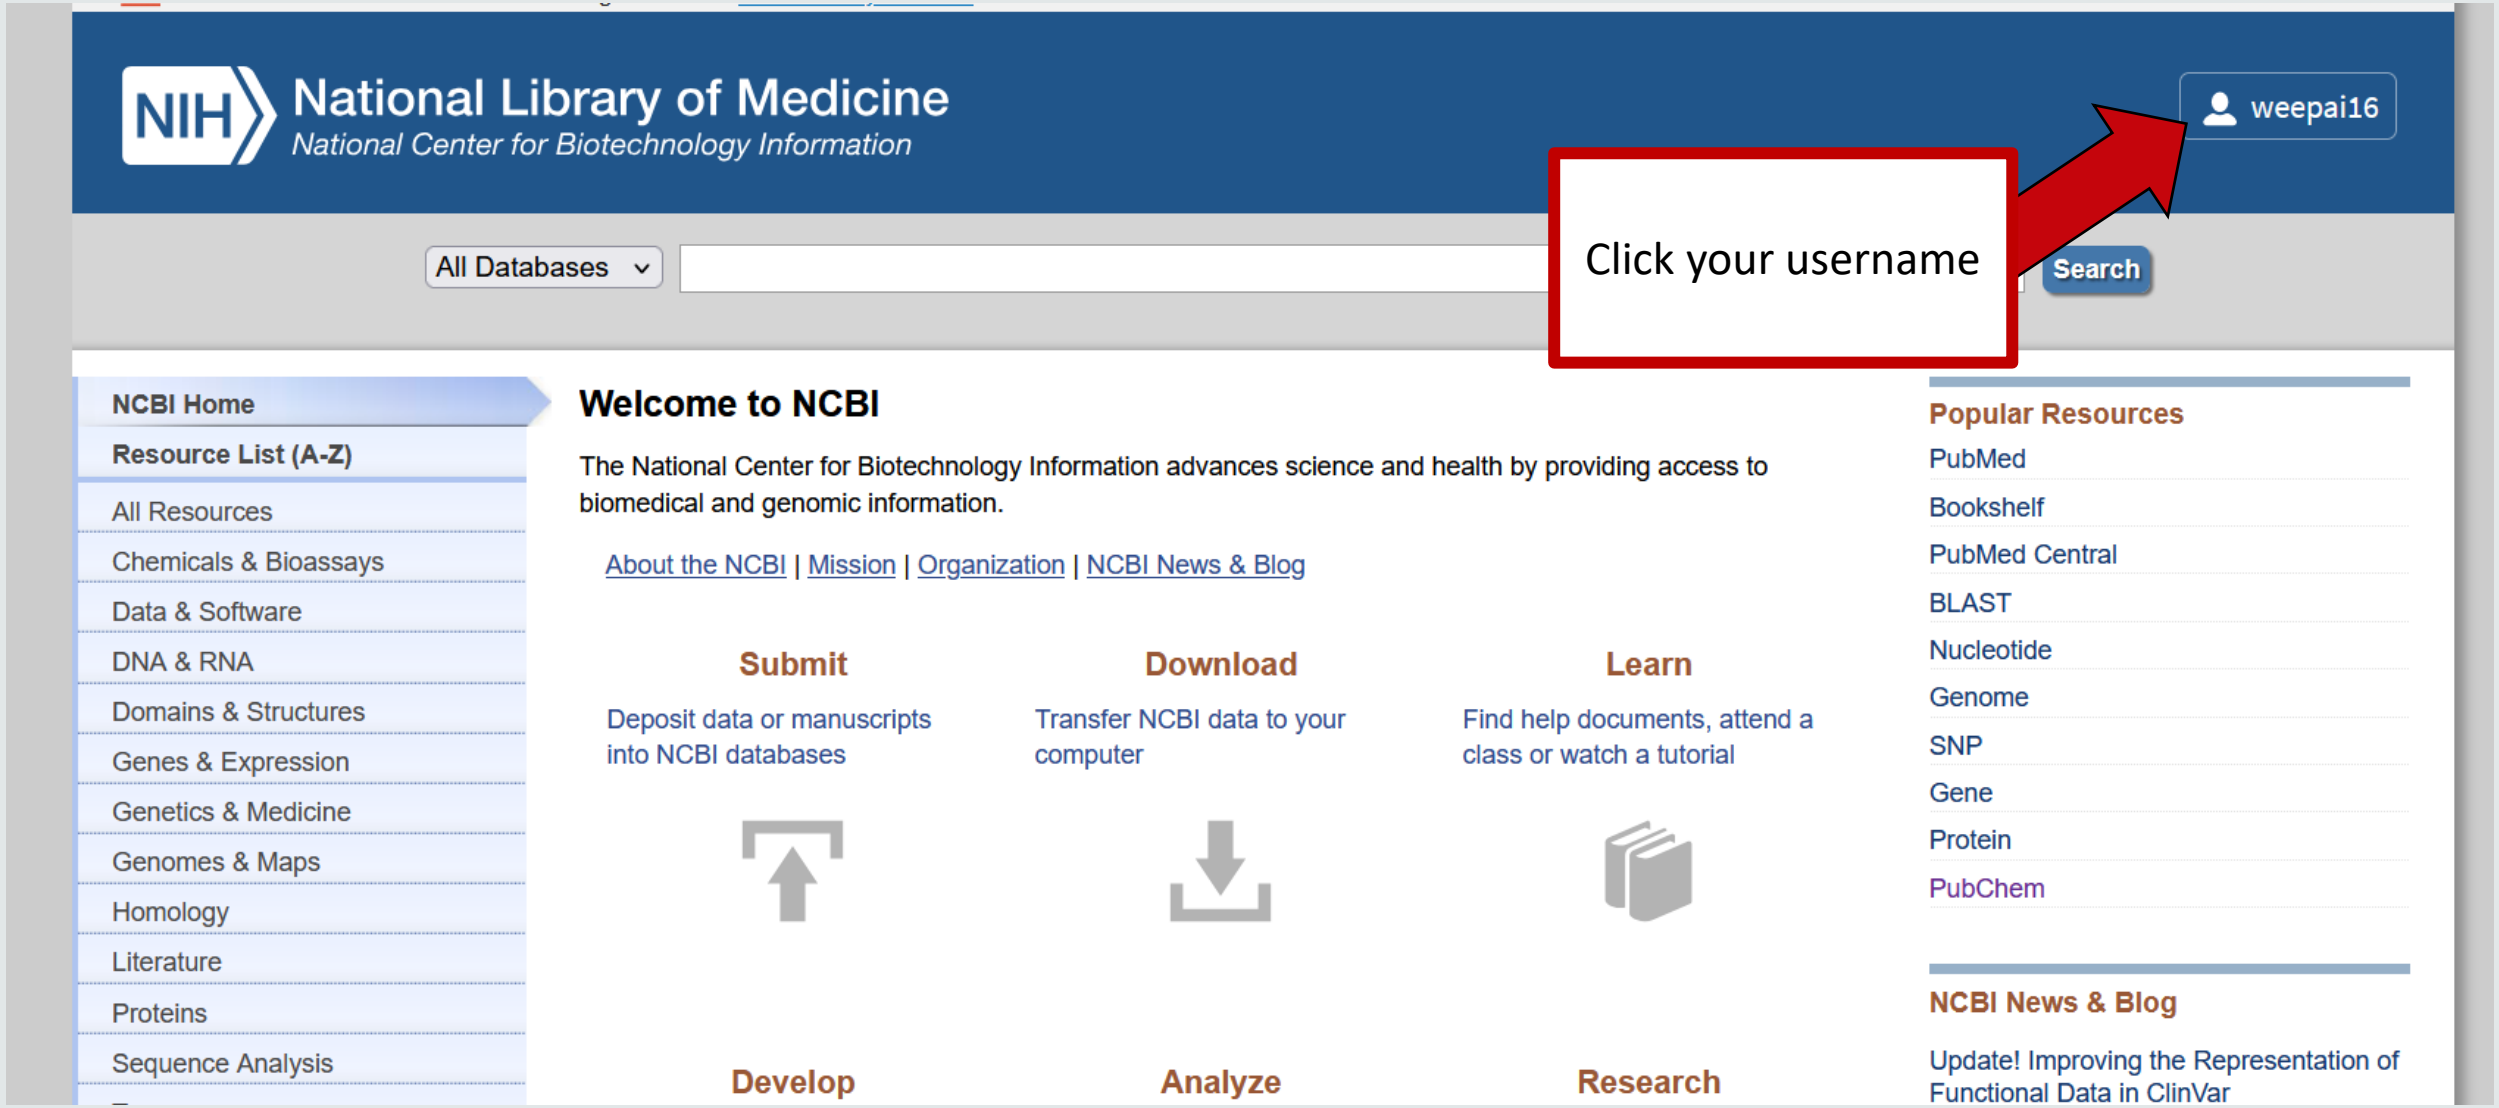

You can add delegates to help you manage your bibliography and/or SciENcv profiles.

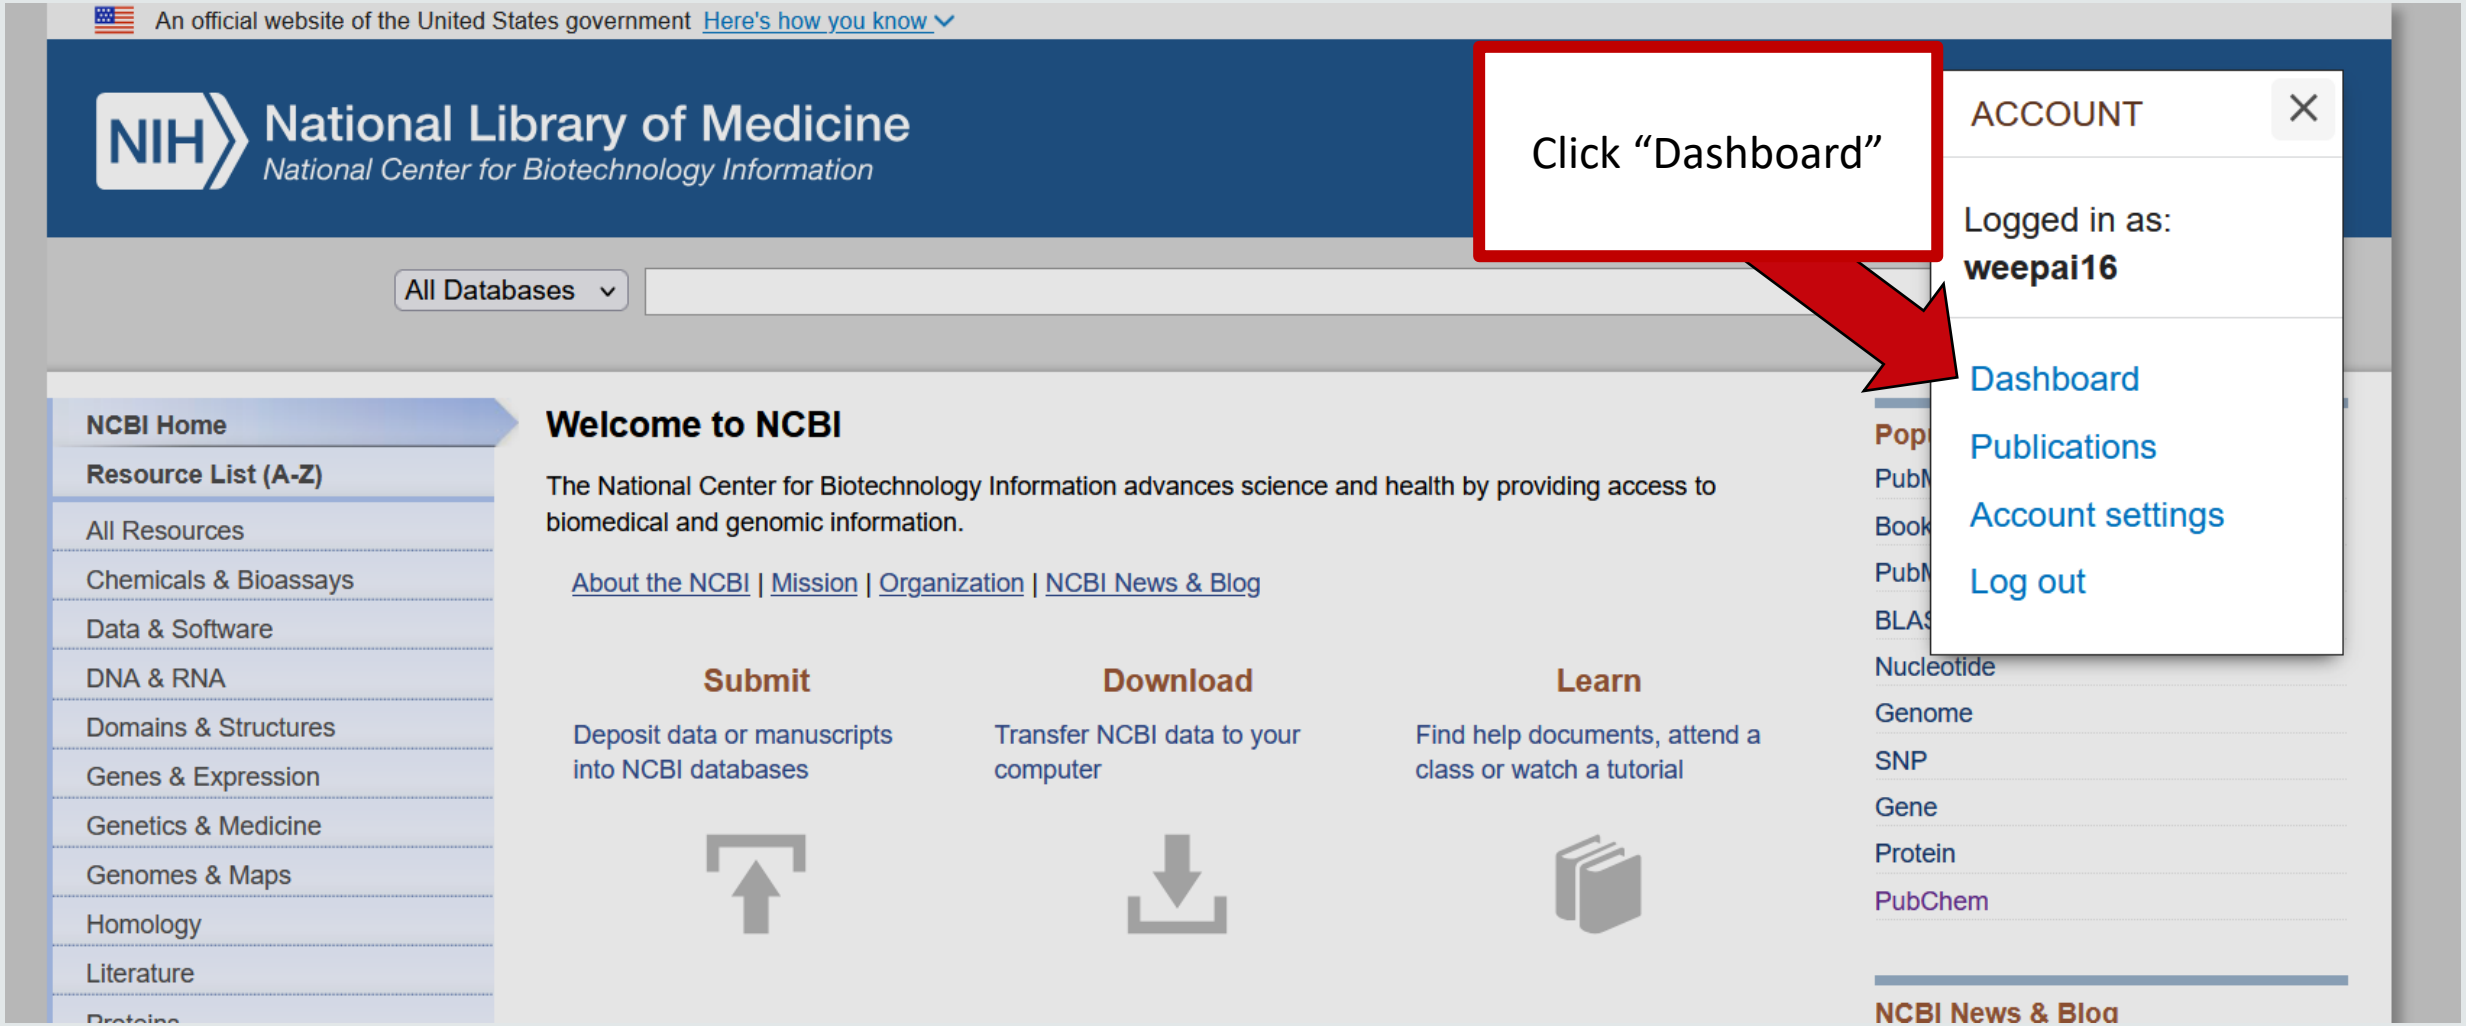

My NCBI Username	Email	MyBib	SciENcv	Remove
weepai	weepai16@outlook.com	☑	☑	🗑
(Awaiting confirmation)	paije.wilson@wisc.edu			🗑

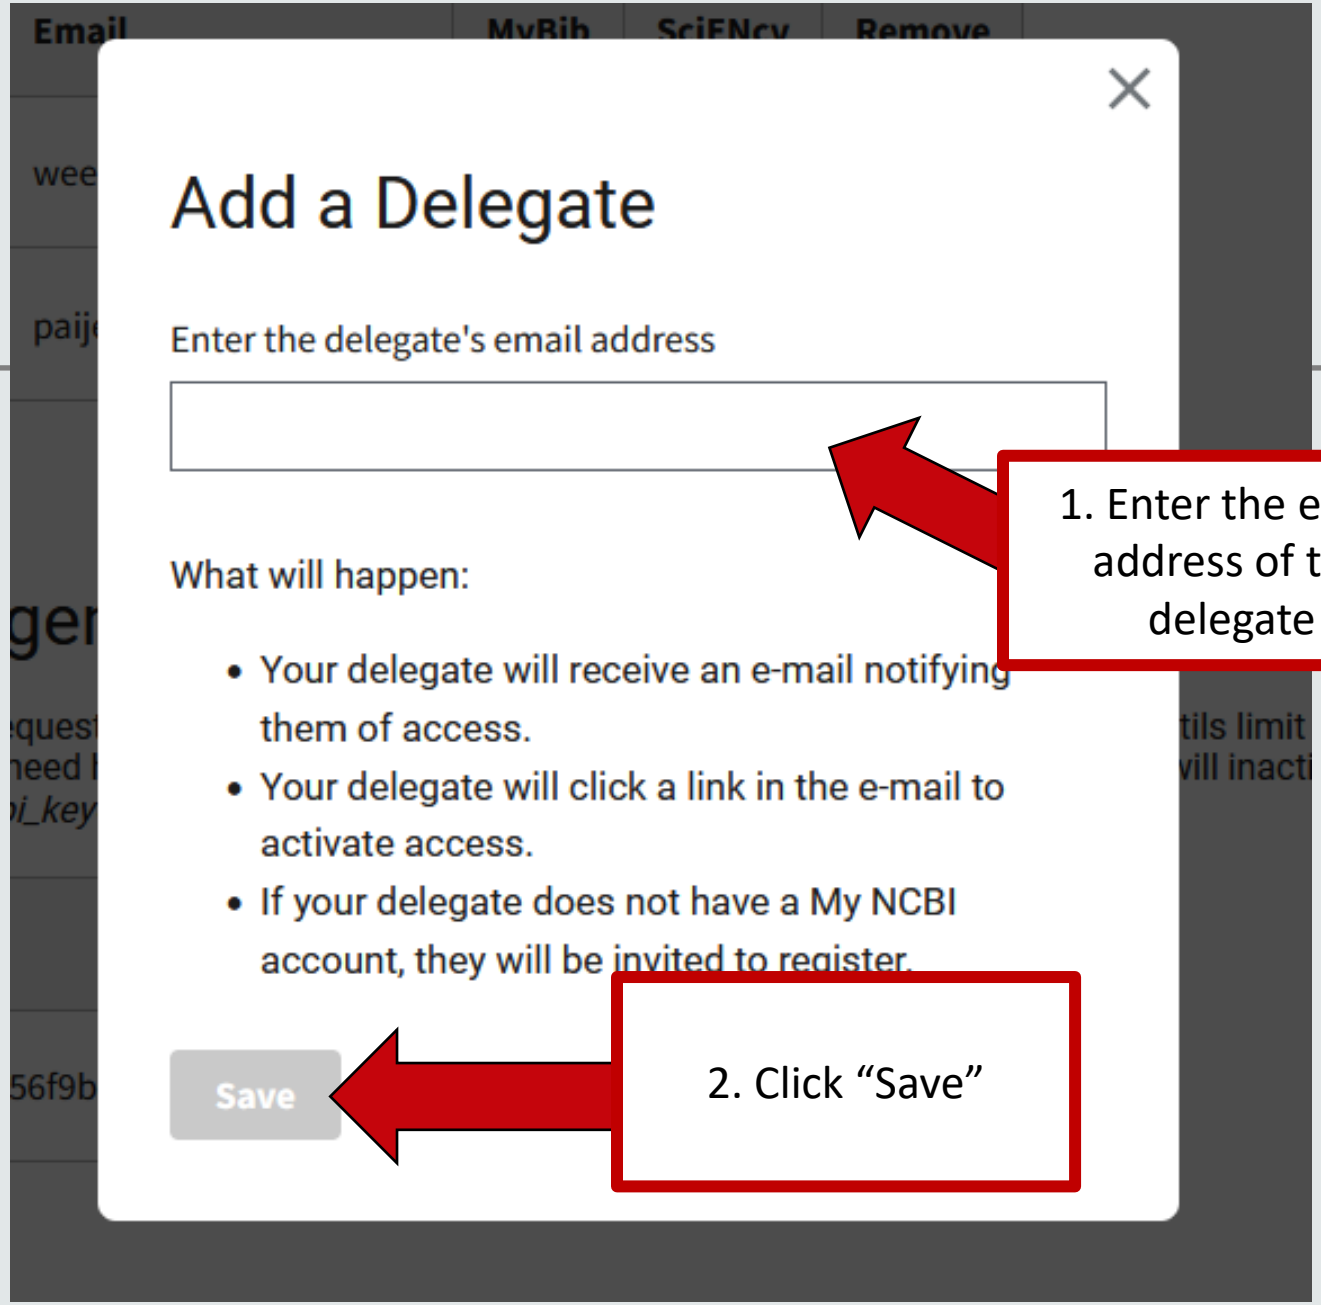

Add delegate

API Key Mana

E-utils users are allowed 3 requests/second without an API key. Create an API key to increase your e-utils limit to 10 requests/second. Contact our helpdesk if you need higher throughput. Only one API Key per user. Replacing or deleting will inactivate the current key. Use this key by passing it with *api_key=API_key* parameter. Refer to documentation for more information.
